The Undergraduate Student Writing Center opened a third location in Powell Library Sunday as part of an effort to offer more one-on-one tutoring sessions and research training to students.

The new location will offer sessions with Peer Learning Facilitators –

Mike Neighbors, a fourth-year history student, is starting his second quarter as one of the student facilitators.

He said most undergraduate students are never formally taught how to research, so he would like to show students how to take advantage of the resources.

Neighbors said the Peer Learning Facilitators intend to work with each other and the librarians to learn how to use the research tools in Powell.
